The Old Pump House is "at the end" of Symonds Yat West, adjoining Forestry Commission woodland, with spectacular views of rapids on the River Wye. The area is ideal for many outdoor pursuits, including walking, climbing, canoeing, mountain biking and horse riding, and is also ideal for those who would rather watch others exerting themselves than do it themselves!! There are two pubs within walking distance in Symonds Yat West, and the pub and hotel in Symonds Yat East on the other side of the river, are an easy walk via the "hand pull" pedestrian ferry.

Despite being "tucked away", we are less than 2 miles from the A40 dual carriageway and easily reached via the motorway network.
